# 1<sup>st</sup> June – 10<sup>th</sup> June

- 1<sup>st</sup> June :
- An Article on “Financial Independence of Working women” by Prof. Dipti Periwal was Published in Femina Magazine.

## → IT'S TIME TO REDEFINE FINANCIAL INDEPENDENCE

Dipti Periwal, professor of MBA in Finance at BRIMS Thane, Maharashtra, and a PhD student with a focus on working women and their investment decision-

making, agrees. “Earning

money isn't enough. Unless you actively make decisions about what to do with the money earned, you're not financially independent.”

You must think about your future needs more than your current ones; be frugal with your expenses, so that you can not only save, but also invest in assets that multiply your money even while you sleep. Financial independence has less to do with splurging, and more to do with having an emergency fund that ensures a crisis like COVID-19 doesn't
